The Second Curve

Ian Morrison

The Second Curve Ian Morrison

"A REAL EYE OPENER . . . THE FUTURE IS GROWTH AND THAT GROWTH IS ON THE SECOND CURVE."

--George Harvey, Chairman, President, and CEO Pitney Bowes, Inc.

In *The Second Curve*, Ian Morrison creates a revolutionary new business model that can be used no matter what the market upheaval. His theory is deceptively simple: you must ride the first curve--a company's traditional business carried out in a familiar corporate climate--to the all-important second curve. The second curve is the future--the new technologies, new consumers, and new markets that companies must command to survive and thrive.

In the many companies Morrison profiles, leaders have learned to master both the first and second curves, to anticipate the rate and pace of change, to know when and how to jump from the first curve to the second, and whether and when to play both. This book sets forth all the crucial strategies and explains how businesses can apply them to rapidly changing situations.

"In a highly readable manner, Ian Morrison has pinpointed the key strategic problems facing our company and many others. His broad-ranging examples and insightful analyses are relevant throughout our organization."

--Peter Bury, President and CEO
Cable and Wireless Innovations, Inc.

"This is a book for anyone trying to figure out how to make money on the Internet, what country to invest in, or how to earn profits beyond the next fiscal year."

--World Business

It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose right ways for you.

Billy Smith:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just small students that has reading's soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this The Second Curve can make you sense more interested to read.
