Her pack is being hunted. He's a bodyguard with a secret.

The Wolf Hunter is targeting them both.

GAME ON.

Owen Harding hasn't shifted since he was in Agent Smith's experimental cages—the only thing this ex-Army Texas boy is afraid of is what kind of beast he's become. But with a hate group issuing more threats against the Wilding pack than you can shake a stick at, Owen's doing what he can as a personal bodyguard. If only the Wilding girl he's tasked with keeping alive wasn't so damn sexy... and completely off limits.

Nova Wilding's father was assassinated, leaving her a gaming company to run, a new game to release, and a pack full of wolves who want her for a mate... including a beta who's determined to have Nova *and* her company. Choosing someone outside the pack will tear it apart, but Nova can't stop watching the hot shifter who's keeping watch over her.

When Nova barely escapes an attempt on her life, she finds herself in Owen's arms... but her sexy new bodyguard is absolutely the wrong man at the wrong time. While Nova fights to keep her father's business afloat, and Owen fights to keep her alive, the *Wolf Hunter* is playing a dangerous new game that might destroy them both.

WILD GAME is a complete novel with HEA, the first in the Wilding Pack Wolves series. All stories are standalone, but for maximum reader enjoyment, start with the River Pack Wolves trilogy.

Contains scorching hot shifters, alpha military heroes, and sexy female gamers. Only readers over 18 should dive into the dangerously hot world of the Wilding Pack Wolves.
