*"I never liked New York all that much..."*

Allie calls it her New York jinx. Already on this trip, obnoxious band groupies hang on her boyfriend, a stalker leaves her cryptic and creepy notes, and she nearly gets arrested watching a Seer get tasered by cops who don't act like cops. One of them, a tall, black-haired guy with strangely colorless eyes, keeps showing up everywhere Allie goes.

But when a religious cult targets Allie for an end of the world ritual, her visit goes from annoying to quite probably fatal.

A prequel novel in the Allie's War series, an alternate history romance featuring a gritty, unique and modern day Earth with star-crossed telekinetic lovers, Allie Taylor and Dehgoies Revik.

## **Series Summary**

The Allie's War series is a psychic romance set in a unique, gritty version of Earth populated by a second race of psychic beings called Seers. Its heroine, Allie Taylor, was marked "The Bridge" from birth, born to be the leader of the Seer race and the bringer of the next stage in humanity's evolution. Unfortunately, to many Seers, that means the death of just about every human on the planet.

She is helped and hindered, awakened and impeded by her antihero partner, Dehgoies Revik, whose on-again-off-again relationship with the dark beings known as the Dreng may destroy them both.

The series takes place in a modern version of our world at the brink of apocalypse and a dystopian future. It spans centuries along with the lives of its main characters, the Seers, and the wars they fight with themselves and their human allies and enemies.
