Danny Pieters

Introduction into the Basic Principles of Social Security (Sovac series) Danny Pieters

It is the first work on this topic which attempts to give useful insights and general information irrespective of specific countries or regions. It is a practical overview of the principles of social security, interesting to readers of different backgrounds and political persuasions. Its general nature and its structure, 21 brief chapters on social security topics, make it also a very suitable book in national and international social security courses that are taught or developed in various universities in Europe and elsewhere. It satisfies a need for a comprehensive studybook which may be used in transnational or exchange programs.
