A cottager and his wife had a Goose that laid a golden egg every day. They supposed that the Goose must contain a great lump of gold in its inside, and in order to get the gold they killed it. Having done so, they found to their surprise that the Goose differed in no respect from their other Geese. The foolish pair, thus hoping to become rich all at once, deprived themselves of the gain of which they were assured day by day

Moral lesson: Be satisfied with what you have. Every gift you receive should be taken with utmost care. Share your blessings and do not be greedy. Material things are not as important as the relationships you have with people.
