Tree of Life: The World of the African Baobab (Tree Tales) Barbara Bash

"Dramatic watercolor illustrations . . . and an engaging text make this another outstanding nature title by the author of *Desert Giant*. Bash describes the life cycle of a tree that lives on the African savannah and the insects, birds, adn animals that rely on it for home, food, and survival. . . . The illustrations . . . are breathtaking."

--Kirkus, pointer review

"Complementing Bash's calligraphic text are stunning watercolor illustrations [in which] she beautifully portrays the sparse African landscape. . . . A subject rarely treated in picture book format, this will make a beautiful introduction to the African ecosystem."
