Presenting spiritual teachings previously known to few on this planet, this book contains lessons that are based on the legendary 20th-century revelatory document known as *The Urantia Book*. These exercises bring the Urantia Revelation to life, unveiling for the first time the spiritual essence of this underground masterpiece in a series of practical lessons that simplify and amplify its majestic teachings. This unusual book of celestial wisdom shows that the spiritual path must eventually lead to the divine center within, the indwelling light that corresponds with the transcendent light of God. The 130 lessons restate the original teachings of Jesus--as presented in *The Urantia Book*--within a startling new cosmological framework.
