This is the seventh of a seven book series (K-6th grade) providing instruction in italic handwriting. We recommend Book G for sixth grade and beyond (although older students might prefer our more comprehensive book for adults "Write Now").

This book provides further practice with cursive capitals and lowercase joins. For the student new to italic handwriting an introduction to basic italic is provided, as well as an overview of the cursive joins.

Writing practice follows a central theme - the history of our alphabet.

The books were designed so that a child may begin anywhere in the series, even though they have never before learned italic. Each book begins with a comprehensive review for that particular level. For example if a child is in the 4th grade, and can write at that grade level, they can begin with Book E without having to work through any of the previous books, adding to the versatility and cost-effectiveness of this series.
