Palo Alto: Stories

James Franco

Palo Alto: Stories James Franco

Now a “provocative” and “impressive” (*Variety*) film from director Gia Coppola (Francis Ford Coppola’s granddaughter)—starring Emma Roberts, James Franco, Nat Wolff, and Val Kilmer—the fiction debut from James Franco that *Vogue* called “compelling and gutsy.”

James Franco’s story collection traces the lives of a group of teenagers as they experiment with vices of all kinds, struggle with their families and one another, and succumb to self-destructive, often heartless nihilism. In “Lockheed” a young woman’s summer—spent working a dull internship—is suddenly upended by a spectacular incident of violence at a house party. In “American History” a high school freshman attempts to impress a girl with a realistic portrayal of a slave owner during a classroom skit—only to have his feigned bigotry avenged. In “I Could Kill Someone,” a lonely teenager buys a gun with the aim of killing his high school tormentor, but begins to wonder about his bully’s own inner life.

These “spare and riveting” (*O, The Oprah Magazine*) stories are a compelling portrait of lives on the rough fringes of youth. *Palo Alto* is, “a collection of beautifully written stories” (*Kirkus Reviews*, starred review) that “capture with perfect pitch the impossible exhilaration, the inevitable downbeatness, and the pure confusion of being an adolescent” (*Elle*).

Features a bonus essay by James Franco on Gia Coppola's film adaptation.
