Childhood Mental Health Disorders: Evidence Base and Contextual Factors for Psychosocial, Psychopharmacological, and Combined Interventions (American Psychological Association) Ronald T. Brown, David O. Antonuccio, George J. Dupaul, Mary A. Fristad, Cheryl A. King, Laurel K. Leslie, Gabriele S. McCormick, William E. Pelham Jr., John C. Piacentini, Benedetto Vitiello

Childhood Mental Health Disorders is a comprehensive report, based on a thorough review of the literature, on the current effective use, sequencing, comparative risks/benefits, and integration of psychotropic medications and psychosocial interventions for children and adolescents. Acknowledging the complexity of these disorders and the need to individualize treatment, the volume is intended as a basic yet comprehensive framework for mental health providers. The disorders addressed include attention deficit/hyperactivity disorder, obsessive-compulsive disorder, autism and schizophrenia, and others.
