Cause and Effect for grades 5-6 has been designed to apply a cross-curricular approach to the practice of cause and effect skills. The book brings home to students the application of cause and effect skills through the content areas they study every day. Additionally, character skills are enhanced as students work through practical life applications to examine consequences of actions through critical thinking. Students of a wide range of abilities will find this book valuable. Activities are written to guide students carefully, yet challenge them to move forward based on personal ability.
