## Nietzsche and Philosophy (Impacts) Gilles Deleuze

Gilles Deleuze (1925-1995) was Professor of Philosophy at the University of Paris VIII. He is a key figure in poststructuralism, and one of the most influential philosophers of the twentieth century.

*Nietzsche and Philosophy* has long been recognised as one of the most important accounts of Nietzsche's philosophy, acclaimed for its rare combination of scholarly rigour and imaginative interpretation. Yet this is more than a major work on Nietzsche; the book opened a whole new avenue in post-war thought. Here, Deleuze shows how Nietzsche began a new way of thinking which breaks with the dialectic as a method and escapes the confines of philosophy itself.

Translated by Hugh Tomlinson.
