The long-awaited revision of this classic book again offers a thorough, sensitive overview of the concepts and applications of transition education. Coverage takes a whole-life approach to meeting the functional/transitional needs of students and adults for whom a career-oriented educational environment is optimal, including those who could benefit from community college programs. Based on the widely-used Life-Centered Career Education (LCCE) program, this book provides teaching strategies that focus on twenty-two major competency areas embracing daily living, personal/social, and occupational skills. Complete with a step-by-step program for implementing a school curriculum that teaches career and life skills, this is the book that defined the transition course in Special Education. For special education teachers.
