The Hajduks is a historic-adventure novel set during the late 17th Century in the western Balkans involving Christians fighting the Turk. This story follows Balkan Christian Slavs as they fight their ancestral enemy in defense of their people and their religion, which had come under attack by the invading Turks. During this period of Balkan history, the Turks made regular raids on Balkan villages. The on-going tyranny and moral devastation against these poor villages caused an uprising that challenged a formidable power against all odds.

This story follows a group of courageous mountain men, named the hajduks, as they wage a guerilla war to remove their people from the all too frequent encounters with the invading Turk. This story also introduces and invites the reader to learn the myths and legends of the Balkans, myths that continue to linger in the consciousness of Croats and Serbs to this day.

This story is certainly unique and will entertain and inform the reader about a historic and geographic area that has been overlooked by American novelists. It is a remarkable story about how out-numbered and out-gunned Balkan Slavs fought courageously against the Turkish Empire. While there is a religious distinction between the Slavs and the Turks, it should be noted that this novel is not about religion. The Hajduks existed as a small band of armed men with strong nationalistic feelings.

The tension between the Turkish Empire and the Christians was certainly real. Present-day knowledge of this region is vaguely understood in terms of the Yugoslav Wars of the mid-1990s, a fight between Christians and Muslims. This historical fiction reveals how the root of the 20th century conflict was established centuries ago, a conflict that is explored in this novel. The Hajduks is packed with action and reveals to the reader the gruesome violence of wartime from this period in history. This novel will appeal strongly to men who enjoy a sense of adventure, the bonds of brotherhood in war, and the everlasting bond of family and tradition.
