James T. McClave, P. George Benson, Terry L. Sincich

Statistics for Business and Economics (8th Edition) James T. McClave, P. George Benson, Terry L. Sincich

For a one/two-term business statistics course. Designed for students with a background in basic algebra, this best-selling introduction to statistics for business and economics emphasizes inference, with extensive coverage of data collection and analysis as needed to evaluate the reported results of statistical studies and make good business decisions. It stresses the development of statistical thinking, the assessment of credibility and value of the inferences made from data-both by those who consume and those who produce them-and features numerous case studies, examples, and exercises, all drawing on real business situations and recent economic events.
