In 1795 three teenage boys dug in an old pit on Oak Island in Nova Scotia, Canada. They wanted to find out whose engineering expertise created a shaft nearly two hundred feet deep and if it contained treasure as the local people believed. The boys eventually gave up but syndicate after syndicate was formed over the next two hundred years to find the answer to its secrets. Millions of dollars were spent and several lives were lost in the treasure hunt. None of the searchers found riches. A mysterious rock inscribed with a symbolic clue turned up. It said, "Forty feet below two million pounds are buried." But as excavations in the pit went deeper and deeper those backing the project faced bitter frustration. A set of elaborate traps caused the Money Pit to flood each time someone neared the prize at the bottom. Brian Sadler and a devious Cardinal of the church are pitted against each other in a race to learn secrets protected by the Knights Templars for a thousand years. A former kingpin of the New York mob, dethroned and disgraced, plans a systematic elimination of his enemies. Sadler and his girlfriend Nicole Farber become targets of the ruthless killer as this story careens to its incredible conclusion. Does the Money Pit contain relics that could shake the very foundations of Christianity? The Pope himself becomes involved as Brian Sadler discovers the startling answer to the secret of Oak Island.
