Spider Lies Jen Banyard

After tricking his mom and dad into leaving town, Connor is home alone with nobody to tell him to wash the dishes and go to school. The problem is that Connor's little white lies have spawned a humongous, hairy spider and it's lurking outside his bedroom window. With no one to turn to for help and the world threatened by the largest arachnid on record, it is up to Connor to save the planet. His only option is to enlist the help of a bumbling NASA nitwit, the weirdest girl in school, and a doddering old lady and her wheezing terrier to stop the spider before the world is doomed.
