Catrene and Carrie have written an inspirational narrative about a place that has been at the center of struggle for many generations. Collecting personal stories of loss and healing, this book sheds new light on the current conflict in the Middle East. The reader will begin to understand some of the basic reasons why humans in this region have struggled for so long and hopefully begin to shift viewpoints towards social change. Unless the core of the problem is changed the pattern of violence and struggle will continue to repeat through future generations. The opportunity for change is now - it is a new time for peace.
