The "Access to the Curriculum Series" books are practical guides to teaching subject areas of the British National Curriculum; they highlight good practice and offer help with planning teaching and learning objectives and give suggested lesson activities. Written in plain English and full of ways to broaden pupils' learning experiences, this book looks at: the effective use of resources through good planning and the work of City Learning Centres and how to use that expertise to meet specific needs.

**Margaret James:**

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Access to ICT: Curriculum Planning and Practical Activities for Pupils with Learning Difficulties (Access to the Curriculum S) can make you experience more interested to read.
