## **Oh, Wait-Now I Get It: Essays in Popular Philosophy** Peter Heinegg

Like war and politics, philosophy is too important to be left to professionals. *Oh Wait?Now I Get It* illustrates this basic truth by tackling a broad spectrum of issues, which include: history, religion, government, sex, family, and death. In fact, the entire contemporary cultural scene from the perspective of a thoughtful amateur philosopher is brought forth within this book. Recalling Nietzsche's dictum that all philosophy is also confession, Professor Peter Heinegg begins with some autobiographical pieces on his background, which include seven years in Jesuit seminaries and doctoral studies at Harvard. He then offers approximately three-dozen brief, pointed, and witty essays that focus on present-day issues, but draw upon a lifetime of reading, teaching, and writing about the great literary and philosophical classics.
