Evil men are rampaging through the jungle Tarzan calls his own and he pursues them to deliver them to justice. His travels bring him to a people-a lost remnant of ancient Rome-who now live an insane and perverted existence which includes human sacrifice-and an American female pilot is destined to be next if Tarzan is unable to rescue her first! In 'Tarzan and the City of Gold', the second novel in this volume and the 16th Tarzan adventure, our hero rescues a strange man from savage enemies and is astonished to discover that he is a native of no land known to the modern world. The Lord of the Jungle travels to Outhat where trained lions hunt down men and war is eternally waged. Here he attracts the attention of a Queen who will either have him as a consort or add him to the menu for the lions' lunch! Tarzan enthusiasts can look forward to another feast of adventure in these two tales from the Dark Continent and other worlds that could only come from Edgar Rice Burroughs' fertile imagination.
