## **The New Art of Erotic Massage** Andrew Yorke

Massage is one of the oldest and simplest treatments known to man - one that has recently extended its role to encompass communication between people and a way of showing love and care. In an age when many couples are concerned about encounters that can threaten their health, erotic massage has an additional role to play as an alternative to sexual consummation. The "New Art of Erotic Massage", written by an expert on sexual and marital relationships, is designed to help both those who are not in a permanent or totally 'known' relationship but who want to feel sexually safe, and those couples who have been together in a stable relationship for some time but who wish further to enrich their sensual and erotic life together. Authoritative text combined with beautiful new photography makes this the only guide you'll ever need for erotic massage.
