The Core (3 Book Series) SK Evans

From Book 1: Some people believe they can take on a member of the legendary British SAS and get away with it.

Retired SAS Squadron Sergeant Major Keith Boutwell's life is falling apart around him. He lost his security job, his wife left him, and he's spending his nights in a run-down pub. Nothing is the same since he left the SAS until one night, two unknown men decide to scope him out at his favorite pub and set off his trouble radar. When the men follow Keith from the pub and he confronts them, he realizes his life is in danger.

Keith enlists the help of the only people he can trust with his life; three of his mates from the SAS who are still active. Together, this elite squadron must determine the threat against Keith and eliminate it. Having run many ops together, they are like a well-oiled machine and they protect each other with their own extreme measures. Someone is about to discover the error of his ways and find out exactly what happens when you threaten the life of an SAS member, retired or not.

As Keith and his men work together to deal with the threat against him, they discover an even bigger problem and decide to deal with it head on as only they can do.

Strike Back is the first book in "The Core", the new series by SK Evans.
