War in the Persian Gulf. The collapse of Communism in Eastern Europe. Unrest in the Soviet Union. The rise of Islamic fundamentalism. While these headlines are viewed by many as classic political events, THE LAST OF THE GIANTS suggests there is more here than meets the eye. In this comprehensive, behind-the-scenes tour of underlying spiritual realities, George Otis, Jr., points out how powerful demonic forces--giants--are currently preparing for a last stand against the advancing Church. This carefully documented journey, which makes revealing stops in Babylon, Mecca, Moscow and Jerusalem, is like no other. Taking readers through the valleys of Tibet, the slums of southern Beirut and the tea houses of the former Soviet nations in Central Asia, the author shows why the battle over the coming decade figures to be fierce--especially along the fronts of materialism, Hinduism and Islam. Otis explains how demonic powers have deceived millions by supernaturally animating these human systems. At the same time he points out how many captives are being liberated by Christians using the sword of truth and divine power to lift the veil on satanic manipulations.
